Objective

To secure a challenging role as a MERN Stack Developer / Full-Stack Engineer in a forward-thinking organization where I can leverage my expertise in React.js, Node.js, MongoDB, and modern web technologies to build scalable products, contribute to impactful projects, and grow as a professional while delivering measurable value.

Education

Lovely Professional University

Bachelor of Technology in Computer Science and Engineering / CGPA: 8.05

Jalandhar, Punjab

2027

Relevant Coursework: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, Software Engineering

DAV Public School

Senior Secondary (12th Grade) / Percentage: 87%

Giridih, Jharkhand

2023

Holy Cross School

Secondary School (10th Grade) / Percentage: 95%

Giridih, Jharkhand

2021

Technical Skills

Programming Languages: JavaScript (ES6+), HTML5, CSS3, Python, C++

Frameworks & Libraries: React.js, Node.js, Express.js, Three.js, Tailwind CSS, Socket.io

Databases: MongoDB, Supabase, Firebase (Firestore / Auth)

Tools & Platforms: Git, GitHub, JWT, REST APIs, RazorPay, Linux (Mint/Cinnamon), N8N, Make.com

Projects

Project Title: *Seujia E-Commerce Platform*

Description: Architected and deployed a full-stack MERN e-commerce platform for SEUJIA honey brand, enabling direct-to-consumer sales on a custom domain with production-ready deployment.

Technologies Used: React.js, Node.js, Express.js, MongoDB, RazorPay, Supabase, Tailwind CSS.

Impact/Achievements: Integrated RazorPay and Supabase reducing transaction errors by 100%; optimized responsive UI increasing mobile user retention

Demo/Code Link: github.com/anishcodes27/SEUJIA

Project Title: *Interactive 3D Portfolio*

Description: Built an immersive personal portfolio using React.js and Three.js (WebGL), implementing interactive 3D graphics and real-time WhatsApp messaging for instant recruiter contact.

Technologies Used: React.js, Three.js, WebGL, Node.js, Firebase (Firestore/Auth).

Impact/Achievements: Achieved Google Lighthouse score of 95+ for speed and accessibility; 60fps 3D animations on mid-range devices via lazy loading and geometry instancing.

Demo/Code Link: github.com/anishcodes27/portfolio

Project Title: *Travel Talk — Real-Time Translation Platform*

Description: Developed a real-time linguistic processing web app using Microsoft Azure Translator API, delivering instant translation across 20+ Indian and international language pairs for travelers.

Technologies Used: React.js, Node.js, Express.js, Socket.io, Microsoft Azure Translator API.

Impact/Achievements: Achieved sub-200ms translation latency; reduced API latency by 35% via debounce-based input handling; 99.9% uptime under concurrent load.

Demo/Code Link: github.com/anishcodes27/Travel-Talk

Project Title: RepoLens / AI Codebase Analyzer

Description: Developed an AI-powered platform using the Google Gemini API to provide interactive, natural language explanations of complex GitHub repositories.

Technologies Used: Node.js, Express.js, React, Google Gemini API. **Impact/Achievements:** Implemented a custom parser for directory structures and source code; optimized prompt engineering patterns for high-accuracy code summaries and architectural insights.

Certifications

Master Generative AI Tools: Certification by Infosys Springboard | [Link](#)

Build Generative AI Apps with No-Code Tools: Certification by Infosys Springboard | [Link](#)

Python with OOPS: Certification by Cipher Schools | [Link](#)

Cloud Computing: Certification by NPTEL-Swayam | [Link](#)

Packet Switching Networks and Algorithms: Certification by Coursera | [Link](#)

Full-Stack Web Development: Certification by Udemy | [Link](#)

Achievements

Technical Lead — Seujia (Agricultural & Honey Startup)

Led development of a MERN e-commerce platform, integrating Razorpay and Supabase with zero payment failures.

Technical Mentor — Rozgar Training Center NGO

Trained 50+ underprivileged students in computer literacy, enhancing their employment readiness.

Problem Solver

Solved 200+ DSA problems on various platforms (LeetCode, GFG, HackerRank)
